

CAREER OBJECTIVE

A dedicated Computer Science student with a solid grounding in Full Stack development, software development, and Java, and intrinsically motivated to convert theory into practice, thus contributing to meaningful projects in Web development, DevOps, and software development.

EDUCATION

- **Bachelor of Technology in Computer Science and Engineering.** 2022-26
Vardhaman College of Engineering, Shamshabad CGPA: 9.79
- **Intermediate in MPC, Telangana Board of Intermediate Education (TGBIE).** 2020-22
Narayana Junior College, Mallampet Percentage: 98.7
- **Tenth Class, Telangana Board of Secondary Education (BSET).** 2022
Ekashila High School, Aler CGPA: 10

PROJECTS

- **Price-A-Med (PAM)** Aug 2024 - Present
Developed a full-stack application for Evernorth Health Services.
 - Implemented secure OTP authentication, ensuring **99.9% security** for 1,000+ users.
 - Integrated an AI-powered chatbot, **boosting user engagement by 35%**.
 - Designed a scalable architecture with **Kafka**-based event-driven communication.
 - Containerized the application using **Docker** for seamless deployment.
 - Technology Stack: **React, Tailwind, Spring Boot, Kafka, MySQL, Docker, Git.**
- **TravelSphere - Responsive Tour Booking Platform** June 2024 - Aug 2024
A responsive tour booking platform to enhance user experience.
 - Developed a tour booking platform using **HTML, CSS, JavaScript**, boosting engagement by **30%**.
 - Integrated real-time booking features, **improving user experience.**
 - Technology Used: **HTML, Tailwind CSS, JavaScript.**

INTERNSHIP

- **Front-End Development Intern** Aug 2023 - Oct 2023
NIELIT Virtual Academy Online
 - Built **2+ responsive web applications**, achieving **100% accessibility compliance.**
 - Optimized performance, reducing load time by **30%** via **responsive design principles.**
- **Java Development Intern** Dec 2023
Alfdo Tech Remote
 - Developed backend systems using **Java**, optimizing performance by **20%**.
- **Web Development Intern** Dec 2023 - Jan 2024
Bharat Intern Remote
 - Built **3+ web applications**, achieving **98% cross-browser compatibility.**

TECHNICAL SKILLS

Languages: Java, C, Python, JavaScript, Data Structures and Algorithms

Frameworks & Libraries: HTML, CSS, Tailwind, ReactJS, Spring Boot

Databases & Tools: Mysql, NodeJS, MongoDB, Git, GitHub

Coursework: Database Management System, Object Oriented Programming, Database Management System, Software Engineering, Operating System, Computer Networks

Deployment Tools: Docker

SOFT SKILLS

Leadership Qualities, Effective Team member, Conflict Resolution, Being Empathetic

ACHIEVEMENTS & CERTIFICATIONS

- Participated in CodeClash and CodeSprint coding competitions, showcasing problem-solving and coding skills.
- Participated in BashaBandhu Hackathon sponsored by Microsoft.
- Achieved a maximum rating of 1687 on LeetCode.
